Character Study: Chapters 1-7

In Chapter 7, Ty’ree and Lafayette are discussing how they’ve all “changed”. If they’re correct, this means that they are “Dynamic Characters”. Remember, a DYNAMIC CHARACTER is a dramatic character who undergoes an important change in personality caused by the events in his/her life or the story; often comes to some sort of a realization that permanently changes him/her.

DIRECTIONS: In the chart below, describe each character’s DYNAMIC traits, in as much detail as possible. Consider how each was and are, internally and externally, as revealed through our author & narrator both directly, and indirectly.
